

Dewalt track saw with RAW adapter

Technical specifications

Version: DEWALT DWS520KT*

Saw depth: 55 mm

Recorded power: 1300 Watt

Blade diameter: 165 mm

Cutting depth (45/90 degrees): 44/59 mm

Rotations per minute: 1750 - 4200

Net weight: 5,1 kg

EAN: 39227015

Benefits

Anti-kickback function prevents the saw from moving backwards along the rail and moving out of the workpiece during sawing. The many variables of speed allows for correct speed depending on different types of materials. And the full-wave electronics maintain a constant speed under heavy load.

**Must be purchased at a Dewalt dealer*
